

MOORA/MOORE RIVER MAY 2022

We set off on Thursday morning and met up with Desley and David at Bindoon bakery for coffee. Set off and arrived in Moora around lunch time. Met up with the cheerful Shirley who sorted our sites and we got ourselves set up. Shirley has been managing this park for many years and does a great job. Dave and Sue arrived mid-afternoon and we had a happy hour and after dinner a pleasant evening in our van, playing Left, Right, Centre and drinking the odd port and eating choccies.

Friday we walked up town for coffee and cake and a walk around to see the sights. It is a nice little town, with very pleasant people. More happy hour and a walk to Drovers Inn for dinner, which was really nice. Then back to our van for coffee and port and choccies and many discussions on different topics.

Saturday morning we walked up town to walk around the Markets. Quite a few locals selling food, wine, plants, beauty products and second hand items. All very friendly people. Some of us purchased cakes and preserves. Sue wasn't taken on the wine samples. Back over the railway line to another lovely café for coffee and cake. Such pleasant staff and eager to talk to us all. Happy to see the travellers in their town. Around the corner to IGA which is a well-stocked shop and just over the road from the caravan park. The park is so central in this town and along with 3 24 hr overnight stops (2 of them with dump points), this is just a great place to visit. Went for an afternoon drive around the area. Farmers dry seeding and hoping for some rains. We decided we would go to the local Speedway Finals, so went out to the track nice and early to get a parking spot around the ground, so we could sit in our cars and watch the events of the night.

Good facilities and very reasonable prices for their food and drink items. It was an enjoyable night with a bit of excitement in some of the races. Good to see the young local lads having a go and giving us a thrilling final race of their night. Back to our van for coffee and port and choccies to finish off a great day.

Sunday morning Dave and Sue were going to see Dave's sister in Badgingarra and Hutchies and us were off to Moore River, stopping at Lancelin on the way for lunch. Was a lovely drive across and

down to Moore river. Set up the vans and had a walk around and happy hour. Spent the evening playing games in our van and enjoying a port and nibbles.

Monday we went out to the Caladenia mini golf and café, where we played 18 holes and finished off with a drink and Derek and David an ice cream. David won the mini golf. Back to Moore river for a leisurely afternoon. Derek and David went for a walk along the beach. Happy hour and after dinner we played cards in our van along with port and choccies.

Tuesday, we were up and off reasonably early and had a good run home.

Even though it was a small attendance at this rally, glad we made the effort and we had a very enjoyable time and pleased with what we did and saw along the way.
